

CHURCH SERVICE WITH MAITREYA CHRISTOS

June 17th, 2019

Subject: Entering the stream

Good day all. The stream is that which is the River of Life that gives life to the stream-entrant of the spiritual seeker, a new life, beyond that of the material realm and its poisons of desire, hatred and delusion. The stream is that which is the life-giving waters of the Spirit of Christ that gathers the stream-entrants from the banks of the river and embraces them into the River of Life. Here the Spirit of the holy waters *unites* the swimmers in a funneling motion towards the place of rebirth of the death of the self. This death of self is the surrender of individuality in the *united* Spirit of the Spirit of Christ that reawakens the swimmer to its 'immaculate conception' of the one undivided *Body* of Christ. To leave behind the surety of the banks of the river takes a surety of faith of greater strength ~ for the swimmer is no longer on solid earthly ground, but is imbedded in faith as a stream-entrant.

Amen. And may you all be blessed in our Father's love and grace.
