Subject: The battle of wills

Good day all. Humanity suffers because of the battle of wills. We will for this and we will for that, and struggle with others and against the forces of nature to assert our will. And everywhere we look there is a new battle on the horizon, where there is a will within us to assert our 'will'. This chain of willfulness is a cloud of darkness that keeps us chained in a prison of suffering and despair ~ for everywhere we look is a new bar to our freedom, that is the peace of '*surrender*' unchained by our will.

Amen. And may you all be blessed in our Father's love and grace.
